ABOUT ME

Hi, I'm Soham Chogale, a passionate Full-Stack developer skilled in HTML, CSS, JavaScript, Tailwind CSS, React, Redux, and Next.js. I have a foundational understanding of backend technologies like Node.js, Express.js, and MongoDB, and I'm experienced in version control tools like Git and GitHub. **I completed a full-stack web development training course at Nettech India, Thane, and bring 6 months of experience as a frontend React/Next.js developer at F60HOST LLP, a website design and digital marketing agency.** I'm passionate about building visually stunning and highly functional web applications that deliver excellent user experiences.
